- Although you need not be present to win if you expect to be absent during the drawing write your information on your tickets prior to placing them in the urn.
- Please place the tickets in the correct urn, member drawing tickets need to go in the member drawing urn and open drawing tickets need to go in the open drawing urn.
- *TICKETS DRAWN FROM THE INCORRECT URN WILL NOT BE ELIGIBLE FOR A PRIZE.*
- Vista View Flyers reserves the right to withhold prizes from the raffle based on the attendance of the event. At least one prize will be included for every 5 attendees to the event. All prizes may be included at the discretion of the organizers.

Drawing Time

- The raffle drawing will start at 12:30 PM on the day of the event.

Drawing Procedure

- There will be three prize categories, A, B & C (B being lower than A and C being lower than B). Each prize in each category will be represented by a color coded token which will be placed in the prize category urn.
- Each drawing round will be held based on the schedule presented in the Drawing Schedule section below.

- The drawing round will proceed by drawing a ticket from the corresponding urn (members only or open). Once the holder of the winning ticket has been established the winner will come to the drawing table and draw a prize category token from the prize category urn. Once the prize category has been established the winner may select any prize from the designated category or any lower category. If the winner selects a prize from a category lower to the one drawn the lower prize category token will be withdrawn from the prize category urn and replaced with the previously drawn prize category token.
- If a ticket for a non-present winner is drawn and the winner can be positively identified the organizers will draw a category token for them and will select a prize at their discretion.
- The raffle will proceed in this fashion until all prizes have been exhausted.
